DISTINGUISHED COLLEAGUES AND ESTEEMED MEMBERS OF THE MEDICAL FRATERNITY

As we tirelessly strive for excellence in our noble profession, continually honing our skills and advancing our knowledge through myriad academic pursuits, it is imperative that we acknowledge the oft-overlooked yet vital aspect of our personal and professional lives: financial literacy.

In an era where medical professionals are increasingly beset by fiscal complexities, effective financial management has become an indispensable tool for securing our future. Unfortunately, financial education often takes a backseat amidst our hectic schedules and demanding professional commitments.

To bridge this critical knowledge gap, United Private Clinics and Hospitals Association of Rajasthan (UPCHAR) proudly presents **SAMRIDHICON 2024**, a pioneering one-day conference exclusively designed for medical professionals, slated for December 22nd, 2024, in Jaipur.
